36th Dye+Chem Sri Lanka Expo 2019

07-09 March, 2019

Sri Lanka Exhibition & Convention Centre (SLECC), Colombo – Sri Lanka

In 2019, CEMS-Global launched its widely recognized **36th Dye+Chem Sri Lanka Expo 2019**. The International 'Dye Chem Series of Exhibitions' have achieved an astonishing extent of popularity in Africa, South & South-East Asia as the only kind of series held in the sub-continent. Once again it was the most prestigious and exclusive International Exhibition devoted to focus on all kinds of Dyes and Fine & Specialty Chemicals for the Sri Lankan Industry and will be a one-stop single platform to showcase from home and abroad the latest developments and emerging technology for the Process Industry.

The “**36th Dye+Chem Sri Lanka Expo 2019.**” was the perfect meeting place to be held in Bangladesh for Buyers and Suppliers of Dyes & Chemicals and also provided an interactive platform for Exhibitors to generate business through displays / direct interaction and enhanced the synergy effect and attract top level professionals from the Industry thus improving technology, focus and visitors of the expo. The Exhibition showcased products such as chemicals, Fertilizers, Fine Chemicals, Food Chemicals, Inorganic Chemicals, Laboratory chemicals, Oil Field, chemicals, Performance chemicals, Petrochemicals, etc.

The textile processing industries in Sri Lanka are seeing a momentum in orders and growth in recent times. The demand for chemicals in Sri Lanka has been increasing rapidly because of the growing textile and apparel industry. The import of textile dyes and chemicals have been growing at a faster rate in the country as the dyeing process needs several kinds of chemicals. Report reveals that the current annual market demand of dyes and chemicals in the textile industry of Sri Lanka is about US\$100 million which will reach near about \$1 billion to achieve the milestone export target of US\$50 billion by 2021 from US\$28.5 billion in 2016. This has caught the eyes of many foreign companies, who now mull over expanding their geographical footprint to Bangladesh.
