Bangladesh - Brazil - Morocco - Sri Lanka

7 Reasons To Participate
in the 43rd DyeChem Sri Lanka
2024 International Expo

- 1. 43rd Dye+Chem Sri Lanka 2024 is a Comprehensive International Exhibition featuring Worldwide Dyestuffs & Fine & Specialty Chemical Manufacturers, focusing on the entire Textile & Apparel Industry of Sri Lanka and also the other important Manufacturing Industries of the country**
- 2. DyeChem Sri Lanka is the Oldest & Biggest of its kind serving the Industry of Dyes and Fine & Specialty Chemicals for the Sri Lanka Industry and it is surely becoming even more relevant**
- 3. Sri Lanka imports most of its Textile dye chemical from India, Germany as well as Singapore and in recent years it has been stated that the nation is the 3rd largest importer of Textile dye chemical in the World!**
- 4. The Dyestuff sector is one of the important segments of the chemical industry in Sri Lanka because the Apparel Industry contributed 52% to the total export revenue of Sri Lanka in recent years and the final products of the apparel sector are greatly dependent on the Dye Chemicals sector**
- 5. Sri Lanka is greatly dependent on foreign Dyestuff and Chemicals. Every year, compared to local production, a great portion of the Dyestuff and Chemicals are imported in Sri Lanka making it a very important product for the Economy of Sri Lanka**
- 6. Major investments in Sri Lanka are happening in the textile & garment sector. The dye chemical industry is a key sector that needs continuous upgrading and acquisition of new technology and equipment.**

7. Participate in the 43rd DyeChem Sri Lanka 2024. Meet and connect with potential buyers through the Expo

EVENT PROFILE

After the great successes of the 'DyeChem series of exhibitions in South & South-East Asia (Bangladesh, Brazil, Indonesia, Singapore & Sri Lanka) as the only series of its kind leading in the sub-continent, CEMS-Global announces the '43rd DyeChem Sri Lanka 2024 International Expo', to be held again.

This DyeChem Expo will be the most prestigious and exclusive International Exhibition devoted to focusing on all kinds of Dyes and Fine & Specialty Chemicals for the Sri Lankan Industry and will be a one-stop single platform to showcase from home and abroad the latest developments and emerging technology for the Process Industry.

The '43rd DyeChem Sri Lanka 2024 will be the biggest meeting place ever held in Sri Lanka for Buyers and Suppliers of Dyes & Chemicals and will also provide an interactive platform for Exhibitors to generate business through displays / direct interaction and will enhance the synergy effect and attract top-level professionals from the industry thus improving technology, focus and visitors of the expo.

According to these latest data, Sri Lanka's apparel export industry is one of the key sectors of the country's economy, having recorded substantial growth over the past four decades. The value of the sector reached \$5.42 billion after exports rose 22.93 percent year-on-year in 2021. Given how the apparel sector depends on the Dye Chemicals – it makes Dye Chemicals industry in Sri Lanka even more Important.

Sri Lanka is already the World's 3rd LARGEST Dyes & Chemicals importer and yet there is a high change that the nation's imports will increase even more! This is because the country's apparel sector is targeting exports worth \$8 billion by 2025 through increased investment in local supply chains. The apparel manufacturing sector of Sri Lanka is currently the country's leading export industry, accounting for approximately 44 percent of total exports, and providing about 33 percent of the manufacturing employment in the country.

Major investments in Sri Lanka are happening in the textile & garment sector. The apparel industry is a key sector that needs continuous upgrading and acquisition of new technology and equipment. There are prospects to procure grey fabric, denim, polyester yarn, and specialized fabric used for lingerie and sportswear. Many Sri Lankan apparel companies manufacture for top U.S. apparel brands.

The `43rd DyeChem Sri Lanka Int'l Expo 2024', timed at the right moment with Sri Lanka further increasing Dye Chemical Imports, further investing in setting up new Apparel factories and expanding their present capacities to match the fast-growing exports, will cater to the requirements of the highly important Dye Chemical Sector of Sri Lanka, which is closely linked to the ever-growing Apparel Sector of Sri Lanka. This Exhibition will Showcase All kinds of Dyestuff & Pigment, Adhesives / Catalysts/ Basic Chemical Bulk Drugs, Chemical Intermediates, Corrosion Inhibitors, Cosmetic Chemicals, Textile Industry Environmental Technology, Etc. The `43rd DyeChem Sri Lanka Int'l Expo 2024' will be a marketplace for Dye Chemical business as well as presenting the latest Technology and Chemicals. Exhibitors from around the world will present their up-to-date products and offers. The exhibition will be fully equipped with all ranges of Dye Chemical products which will set a new definition of sourcing Dye Chemicals in order to satisfy the growing demand of the buyers.

PROFILE OF EXHIBITS

All Industry: Adhesives / Catalysts/ Basic Chemical Bulk Drugs, Chemical Intermediates/ Cleaning Chemicals, Corrosion Inhibitors, Cosmetic Chemicals, Detergent Raw Materials, Dyes & Dyestuffs, Electro Chemicals, Electroplating Chemicals, Fertilizers, Fine Chemicals, Inorganic Chemicals, Laboratory Chemicals, Oil Field Chemicals, Performance Chemicals, Petrochemicals, Processing Chemicals, Textile Chemicals, New Chemical Materials, Chemical Equipment & Engineering, Chemical Control Apparatus & Instruments / Equipment, Chemical Processing Equipment / Machinery.

Textile : (A) All Kinds Of Dyestuff And Pigment, Disperse Dye, Acid Dye, Reactive Dye, Basic Dye, Direct Dye, Vat Dye,

Sulphur Dye, Indigo Blue, Sulfureted Black, Organic Pigment, Printing Plasm, Color Dyestuff, Etc.; (B) Various Dye Intermediates; (C) Textile, Dyeing And Finishing Auxiliary: Dye Dispersed/ Water Treatment/ Preparative Treatment/ Printing Treatment/ Printing Behind Treatment/ Treatment And Machining Auxiliary, Inorganic Pigments And Ore Stuff, Organic Pigments, Surface-Active Pigments, Printing Auxiliary, Environmental And Functional Style Auxiliary, Etc.; (D) other Auxiliary: Chemical Fiber Monomer, Activator, Chemical Fiber Oil Auxiliary, Supple Auxiliary, Bond, Finishing Auxiliary & other Chemicals; (E) Textile Industry Environmental Technology, Quality Authentication System And Relative Apparatus & Equipment, etc. Support Services, Related Trade Publications & Web Portals.
